

Request for Forbearance All items must be completed or indicated as "NA".

If you are experiencing financial difficulties which prevent you from making the required payments on your loan(s), you may be eligible for forbearance. **FORBEARANCE IS GRANTED AT THE LENDER'S/OWNER'S OPTION.** Forbearance is provided as an alternative to regular monthly payments. Accrued and unpaid interest will be capitalized (added to the principal balance of your loan(s)) and included in a new repayment schedule which will be reduced by the months of forbearance used. This may also affect other benefits you may qualify for. If your account is delinquent, the forbearance can be used retroactively to cover the period of delinquency. A forbearance may affect co-signer release eligibility if applicable.
